## NOTES TO CANDIDATES:

### Academic Scholarship Requirements

Please note that academic scholarships will be testing potential and academic flair. When making judgements, the School will be looking for students who have the right kind of skills to achieve A\* grades at A-level. This does mean that while content is important, reasoning and intuitive academic thinking are equally important.

The School does not, therefore, release specimen papers or provide any advice on the content of the papers. Applicants are not expected or intended to be able to do every aspect of the paper and in some cases, there are no right or wrong answers. Therefore, no additional preparation is required, other than ensuring that basic subject knowledge is there.

Clearly for 16+/Sixth Form applicants there is an expectation of extensive subject knowledge, and extended reading on the chosen subjects.

All 16+/Sixth Form academic scholars will have an interview with the Principal, or one other senior member of staff. During this interview session, which may be individual or group, we will be looking for the ability to think under pressure and for candidates to demonstrate their academic prowess and thinking skills.

### Scholarship Examination Date

Candidates applying for a 16+/Sixth Form Academic Scholarship will be invited to sit the Scholarship Examination which will take place on **Thursday 23<sup>rd</sup> November 2023**.

Candidates will sit **TWO** subject papers (subjects should be ones that the candidate intends to study at A Level, please state on application form).

16+/Sixth Form Academic Scholarships are awarded on the basis of performance in the examination.

### References and Testimonials

If you wish to include references or testimonials in support of your application, please send them with your application. We regret that it will not be possible for the School to contact referees to request a reference.
