NOTES TO CANDIDATES:

Photography Scholarship Requirements

Portfolio

With regards content of the portfolio, the primary interest is to see a broad range of artistic approaches and techniques being used. A selection of work can be submitted that can consist of school or home produced outcomes. In addition, if the applicant has participated in any extra-curricular events/ workshops – it would be good to see these too.

Each portfolio submitted must be well organised and well presented. Size is not vitally important, but our advice would be that it should be either A2 or A1 to make sure work is exhibited to its full potential.

As a further guideline, we would expect that the portfolio should include a selection of the following:

- Imaginative/ creative outcomes
- One complete sketchbook (not individual pages torn out)
- Complete/ finished work
- Exploratory work
- Self-initiated work
- Extra-curricular work
- Selection of photographs of different genres
- Photographs taken with different cameras

It is expected that each candidate would **submit between 10 and 20 items of work.**

Please make sure that each portfolio is clearly labelled with the **candidate's name and contact details.**

Once the portfolios have been assessed, those candidates whose work is considered to be of the required standard in their portfolio will be asked to come in to discuss their portfolio.

The Interview Date:

The interview will take place for selected candidates on **Friday 27th November 2020**. It is expected that candidates for the Photography Scholarship will spend around 30 minutes with members of the Art Department, presenting and answering questions about their portfolio.
